

Publications of Aaron M. Bauer

Dear Colleague,

The following lists my publications through 20 August 2012. Pdf copies are available on an individual request basis for most. Hard copy versions are still available for some papers and you are invited to contact me at aaron.bauer@villanova.edu if you have specific requests for paper copies. Please contact the publisher of each paper if you wish to make multiple copies, reproduce figures, or post papers on other sites.

These publications are provided on an exchange basis. I would appreciate receiving your publications dealing with herpetology, biogeography, systematics, vertebrate morphology, and the history of biology. These may be sent to me at:

**Aaron M. Bauer

I prefer hard copies if possible but would appreciate pdf versions of your publications if these are not available.
